In the past, wall mounted televisions or treasured decor pieces would degrade over time from the excess rising heat produced by your gas fireplace. Our new Cool Surface System for the C Series allows you to make use of the valuable real estate directly above your linear gas fireplace. It can channel heat inside the wall and vent it out above the fireplace.

### Power Vent Kit
- A minimum venting run of 10 feet
- A maximum venting run of 110 feet
- Max of 6 elbows in vent configuration
- Flash mount (removable) termination
- Rear Quiet Fan System (noise reduction)

### Cool Surface System HDK
In this post, wall mounted television or treasured decor pieces would degrade over time from the excess rising heat produced by your gas fireplace. Our new Cool Surface System for the C Series allows you to make use of the valuable real estate directly above your linear gas fireplace. It can channel heat inside the wall and vent it out above the fireplace.
